### The Worst Yet.

The Cambridge-Marietta game at the base ball park Monday afternoon was one of the worst exhibitions of the great national game ever seen in Marietta. A large part of the audience left the grand stand in disgust before the ninth inning was played. The fielding of the Mariettas was so rotten that the local fans haven't got the taste of it out of their mouths yet, and although Cambridge errors were not so frequent and costly as those of the locals, their game was still far below the usual standard of the two towns. Purcell was taken out in the sixth inning, though he was pitching a good game, and Taylor substituted. Armstrong was in the box for the visitors. The score:  
Marietta.....0 2 0 3 0 1 0 0 2—8  
Cambridge.....0 1 2 0 1 0 3 3 0—12  
Batteries—Purcell, Taylor and Collins. Armstrong and Kellack. Hits—Marietta 11, Cambridge 13. Errors—Marietta 10, Cambridge 5.

The happiness of married life depends on the wife's health oftener than on any other one consideration. An ailing woman is a source of discontent to herself and a burden and drag upon her husband. Women by taking more interest in their own physical condition would lay the best foundation for married happiness and every other happiness. More than half the suffering which saps the energies and sours the disposition of women is directly traceable to some disorder of the organs of the female system. There is no real need of such troubles; they are invariably cured by Dr. Pierce's Favorite Prescription, which reaches and strengthens the internal generative organs as no other treatment can possibly do. By restoring health and strength to this most important part of the feminine constitution, the "Favorite Prescription" gives new tone and energy to all the rest of the body.

One of the most deeply interesting and truly educative books ever written is the "People's Common Sense Medical Adviser," by Dr. R. V. Pierce, Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. This splendid volume of 1028 pages, includes ninety pages on the subject of diseases peculiar to women, with directions for home treatment, rendering unnecessary the embarrassing "examinations," and generally useless "local treatment," so dreaded by modest women. The book contains the most comprehensive explanation of human physiology and the rational principles of hygiene ever published. Illustrated with over 300 engravings—a complete medical library in one volume. No other medical book in the English language ever had such an enormous sale. 650,000 copies were sold at \$1.50 each. Dr. Pierce is now distributing a new free edition of half a million copies. A copy will be sent *absolutely free* to anyone who will send to the World's Dispensary Medical Association, Buffalo, N. Y., 21 one-cent stamps to pay cost of mailing only. The present edition is in all respects the same as that sold at \$1.50 except only that it is bound in strong manilla paper covers instead of cloth.
